

2009 COVR Award Winner—Best Divination Book

This beautifully designed full-color book is a one-of-a-kind, comprehensive guide to learning the art and practice of crystal and gemstone divination.

In this book you will learn:

- ◆ How to Give Crystal/Gemstone Readings to Yourself and Others
- ◆ About the Nature and Characteristics of Mineral “Consciousness”
- ◆ How and Where to Acquire a Divination Stone Collection
- ◆ How to Read the Messages Conveyed by the Stones
- ◆ The Ethics of a Divination Reading
- ◆ The Relationship between Stones and Other Divination Media
- ◆ How to Make Healing Elixirs
- ◆ How to Care for and Re-energize Your Stones....and Much More

Accompanied by instructional color photos, the characteristics, Life Lessons and health attributes of 38 stones for a divination collection are featured.

Numerous examples of real life readings given by the author provide fascinating human stories we can all relate to. Each is accompanied by an illustrated interpretation of the stone layouts chosen during the reading, which will enhance your insights and hone your own intuitive powers to achieve positive life transformation and health guidance.

Of Celtic and Cherokee heritage author, Gail Butler, is a respected mineral collector, lapidary artist and metaphysician. In this book, she combines her extensive knowledge of both the physical and metaphysical realms to reveal to the reader how the geological forces that formed minerals over eons of time have imbued them with energies that “speak” to us if we know how to receive their messages.
